For 30 years CCA has offered a quality, Christian educational opportunity for students throughout South Central Pennsylvania. A tight budget always calls us to be careful stewards of our resources while always trying to do more with less. This healthy aspect of Christian leadership has allowed CCA to be a catalyst for innovation and change. This means we're also committed to pursuing continued growth and excellence...which requires financial resources.

As a **30 Years Still Inspiring Partner**, you will be recognized in our Annual Report, on a commemorative plaque, and through other means.

Your gift demonstrates your commitment to the pursuit of excellence at CCA - currently and in our shared history - as we collectively embrace the future of our school.

Scholarship Funds, budgeted at $37,000 this year, are used to offset the cost of Christian education for families in need. With a troubled economy, we continue to see growing **financial needs** – but the commitment to Christian education remains.

The Arts & Athletics are offered in abundance at CCA. As a school without the resources of a larger, public institution, we are blessed to provide a wide range of **fine arts and athletic** opportunities to our students. While many schools across the country have reduced funding for these areas, we see these as an essential component of a rich, holistic educational experience.

Your gift will ensure that arts and athletics grow and develop alongside our school.

CLASSROOM TECHNOLOGY is evolving at an exponential rate. The latest in **tech tools** can enhance learning and help our curriculum come alive for students. In 2011-2012, we began to add SmartBoard technology to our elementary classrooms. This was an unbudgeted expense – we need your support to offset the costs.

Your gift will help to underwrite our ongoing commitment to technology.
